Re: 20220320-Mr G. H. Schorel-Hlavka O.W.B. to R Kershaw Chief Commissioner of the Australian Federal Police -Suppl- 57-Ukraines video

COMPLAINT

Sir,
further to my original **COMPLAINT** of 6 August 2021 I provide a further supplement hereby.

I understand that President (See <https://twitter.com/therecount/status/1504091294162997254>) in a video presentation to the US Congress included an image of a building:

Which I had referred to in my document: “20220308-Mr G. H. Schorel-Hlavka O.W.B. to Mr Mykola Kulinich, Ambassador, Ukraine” at page 12 regarding the video “Blackwater Are in Donbass Fighting With Ukraine's Azov Battalion and Getting Their 'Ass' Kicked”.

7 in the video **“Close the sky over Ukraine”**;

8 **QUOTE**

9 After Ukrainian President Volodymyr Zelenskyy [addressed Congress](#) on Wednesday via video, Biden
10 announced new U.S. [military assistance](#) that would be going to the besieged nation.
11 Following his announcement, Fox News White House correspondent Jacqui Heinrich asked Biden if Putin is
12 a war criminal, given everything the president has seen. Zelenskyy’s presentation to Congress had included a
13 powerful [video](#) highlighting the devastation of the war.

14 **END QUOTE**

15
16 The question then is did President Volodymyr Zelenskyy misled the US Congress and so other
17 around the world, if the video included damages contributed to the Russian Federation but really
18 were those inflicted by the Ukraine armed forces in the Donbass region?

19
20
21 In my view, it is unlikely that 2 building are exactly identical in damage one in Donbass and one
22 is Keiv. As such the question is where is the building really located? The Russian Federation
23 army was not even near Kiev when I wrote on 8 March 2022 my correspondence! I view it is a
24 very serious matter if President Volodymyr Zelenskyy is deceiving not just the US Congress but
25 the world and by this also may so the Australian Government. I understand that President
26 Zelenskyy’s wife is a screen writer and may very well have used recordings to unduly dramatize
27 the video, that is if she was involved in it’s creation.

23 Russia has released a list of four demands it's calling preconditions for ending its invasion of Ukraine.

24 A Kremlin spokesman identified the terms on Monday, according to [Reuters](#).

25 First, Dmitry Peskov said, Ukraine must halt all military action.

26 Advertisement - story continues below

27 Russian propaganda has consistently invoked the "[demilitarization](#)" of Ukraine as an objective of the invasion, demanding that one of the largest countries in Europe remain defenseless.

28 Second, Russia wants Ukraine to recognize Crimea as Russian territory.

31 Russia forcibly annexed [Crimea](#) in 2014, seizing the region of southern Ukraine in response to growing pro-NATO and European Union sentiment in the former Soviet republic.

32 Third, Ukraine must recognize two regions of its territory as independent countries, following Russia's [recognition](#) of the Donetsk People's Republic and the Luhansk People's Republic last month.

34 Pro-Russian secessionist groups control population centers within the two regions of Eastern Ukraine, where conflict has occurred since 2014.

35 Such a move could lead to Russian annexation of Donetsk and Luhansk.

2 “We have also spoken about how they should recognize that Crimea is Russian territory

23 **“The Reason Why No One Is Watching the Beijing Olympics by Lee Smith”**

24
25 The so called “FREEDOMS” in the West appears to have resulted to draconic mandates
26 violating constitutional provisions but then who cares? It seems to me, constitutional lawyers
27 will accept any violation of the constitution when it comes to their side of politics doing it.
28 Well, to me a competent constitutionalist would not take political sides but deal with
29 constitutional issues regardless as to which political party might be in power.

30
31 Who can ignore Speaker Nancy Pelosi as I understood it supporting to take over the Capitol and
32 have it so for weeks on end because it suited her political narrative? Well, just that when this was
33 in the Capitol of which she is a Speaker then somehow there are different rules applicable and
34 those now are deemed insurgents, etc.

35
36 What about the death and destruction by Antifa and BLM members during 2021? Well again
37 reportedly 47 people (including children) were murdered but that was deemed general peaceful
38 protest despite a reported \$2 billion damage, but when it came to the Capitol of Nancy Pelosi
39 then well that is different.

40 I could list page after page of this hypocritical stance by the many but let me use just one further
41 example;

42 The claimed SARS-CoV-2 virus reportedly was from a Wuhan (CCP) laboratory and well no
43 stone should be left unturned to punish the suspected wrongdoer. And well if China is
44 responsible for the death of the many so it should. However, we find that reportedly the U.S.A. is
45 involved in the same kind of gain-of-function laboratory experimenting in Ukraine laboratories.
46 Well, that obviously is different because after all the U.S.A. cannot be held legally accountable,
47 can it?

4 **END QUOTE**

5
 6 This is another system that the W.E.F. (World Economic Forum) appears to be after. And so the
 7 U.N. (United Nations) and the W.H.O. (World Health Organisations) never mind that while the
 8 W.H.O. seeks to have all medical records from people around the world (perhaps to target
 9 certain people with certain DNA) claiming to need this to prepare against another deadly virus,
 10 one has to consider what was then nits 2019 November meeting about to prepare nations for an
 11 coming pandemic? What was EVENT201 about when this too was to gear up against a
 12 pandemic?

13
 14 After WWII then already the fear was created “**The Russians are coming**”. Then it related to the
 15 USSR as it then was. My dad (while I was living in The Netherlands) than gave me the advice,
 16 that instead of panicking do the best you can to discover the facts to avoid any garbage to fall
 17 from your moth that is nothing more than nonsense. I never had any fear of the “**The Russians**
 18 **are coming**”. With my children I never discussed foreign politics, this as I held they ought to do
 19 their own investigation if they viewed this was important to them. Politics didn’t entered family
 20 discussions until in 1994, I pursued to be an independent candidate in Australian elections, albeit
 21 nothing to do with foreign political matters. Other than with my wife who lived through WWII
 22 and under communist rule in Czechoslovakia I never discuss even foreign politics with any of my
 23 descendants. It is their right to do their own exploration without perhaps being brainwashed by a
 24 parent who may have some facts wrong.

25
 26 During the many years of facing opponent lawyers at the bar table I recall a case where when I
 27 just arrived to represent a person (having taken over the case from his previous law professor
 28 barrister) I was told that the person I represented didn’t understand the rule of law. My response:
 29 “I do not think you understand the rule of law”. And well both cases I represented this person in
 30 I successfully defeated the opponent lawyers. Their defeat often is the result arrogance to assume
 31 they know it all rather than doing their homework to check out details. I did not charge the
 32 person I represented, not even for out of pocket expenses and the trial judge becoming aware of
 33 this then on my submission ordered to be the 6 transcripts (including 5 previous once) to be
 34 provided free of charge. And even so I already had succeeded in the two separate cases, I
 35 discovered from the transcript this person never had even been formally charged in one case and
 36 in the other the appeal succeeded when I pointed out the opponent lawyer had obtained evidence
 37 from expert witnesses upon having deceived them as to the true legal position of the person.

38 Regretfully when I today received an email written by law professors it appears to me that they
 39 failed to take proper consideration of the facts. Perhaps they never had a parent giving the
 40 common sense advice my father did?

41
 42 I (from the following email) have removed the identities of law professors involved albeit I
 43 understand they are all supposed to be constitutional lawyers of some kind.

1 A “constitution” must always be for the people and not for the State. This, as to ensure that the
2 State will be limited in its conduct and action to the terms enshrined in the constitution and not
3 despite of it.

4 This is also why no DECLARATION OF EMERGENCY/DECLARATION OF DISSASTER
5 ever could override legal principles embedded in the constitution, this, as otherwise governments
6 will always find alleged excuses to override any constitution.

11 QUOTE

12 04/07/2014 UN Secretary-General Ban Ki-moon made a stunning statement, the distribution of which in
13 Ukrainian media and the Internet is banned. The conflict between the two countries was discussed at the
14 session of the UN Security Council. From this, the following conclusion was drawn:

15 Ukraine has not registered its borders since 12/25/1991. The UN has not registered the borders of Ukraine as
16 a sovereign state.

17 Therefore, it can be assumed that Russia is not committing any rights violations in relation to Ukraine.

18 END QUOTE

19 And

20 QUOTE

21 Since Russia is the legal successor of the USSR (this is confirmed by the decisions of international courts on
22 property disputes between the former USSR and foreign countries), the lands on which Ukraine, Belarus and
23 Novorossiya are located belong to Russia, and nobody has the right to be without them Russia's consent to
24 dispose of this area.

25 Basically, now all Russia has to do is declare that this area is Russian and that everything that happens in this
26 area is an internal matter of Russia.

27 END QUOTE

28
29 It must be clear that “foreign troops” like NATO, the USA and others are simply not permitted to
30 be based in Ukraine. It means there can neither be any membership with NATO as then it would
31 require “foreign troops” to be in Ukraine. Actually, in my view it means that neither USA armed
32 forces can be based in Ukraine.
33

34 If therefore NATO, the USA or other troops were to be based in Ukraine then Russia may very
35 well use this to so to say come to the aid of Ukraine to kick the butt of “foreign troops” (to also
36 protect Russians living in Ukraine) without needing to be based in Ukraine.

9 QUOTE

10 Full letter (emphasis ours):

11 Dear residents of the Donetsk People's Republic! Countrymen!

12 In recent months, we have been observing a daily increase in the number of military personnel
13 and lethal weapons by Ukraine, including Smerch and Uragan multiple launch rocket systems,
14 NLAW rocket launchers, as well as Javelins and Stingers along the entire line of contact.

15 Today their guns are aimed at civilians, at us and our children.

16 The armed forces of the enemy are in combat formations and are ready for the forceful capture
17 of Donbass.

18 President of Ukraine Volodymyr Zelensky will soon give an order to the military to go on the
19 offensive, to implement a plan to invade the territory of the Donetsk and Luhansk People's
20 Republics.

21 I appeal to all the inhabitants of our state.

22 The armed forces of the Donetsk People's Republic, having experience in conducting military
23 operations, are in constant combat readiness, fully capable of protecting the civilian population
24 and infrastructure.

25 Nevertheless, when the enemy shells the settlements of the Republic, the life and health of our
26 citizens may be endangered.

27 Therefore, from today, February 18, a mass centralized departure of the population to the
28 Russian Federation has been organized.

29 First of all, women, children and the elderly are subject to evacuation.

30 We kindly ask you to listen and make the right decision. Temporary departure will save the life
31 and health of you and your loved ones.

32 By agreement with the leadership of the Russian Federation, places for the reception and
33 accommodation of our citizens are ready in the Rostov Region. The evacuees will be provided
34 with everything necessary. All conditions have been created for a quick transition at
35 checkpoints.

9 need to know how many countries protested against this and so the killing of Ukrainians in the

11 really shows what a peaceful person he was/is in killing other Ukrainians! Why was there no
12 uproar against his murderous action against other Ukrainians? Well, President Vladimir Putin at
13 least had the balls to stop this ongoing slaughter that was going on over years!

20 Sir,

21 Just be careful you are not falling for the rot to do the dirty work for the W.E.F. to get
22 Australia drawn into a war with the Russian federation. As President Vladimir Putin made clear
23 that even any other countries planes being used he will consider an ACT OF WAR. He could
24 likewise consider any conduct to provide arms and other financial support to Ukraine as an ACT
25 OF WAR. The Commonwealth of Australia itself has set the example to deny Australians to

1 provide any financial or other support in regard of terrorist group(s) and as such it cannot now
2 claim the high grounds that it cannot be held accountable as it did onto others.
3 While the Commonwealth of Australia may argue this is a different issue, I urge that those who
4 are competent in leadership better get to understand the true facts about Ukraine.

We will keep their lives short and their minds weak while pretending to do the opposite. We will use our knowledge of science and technology in subtle ways so that they never see what is happening. We will use soft metals, aging accelerators and sedatives in food and water as well as in the air. They will be covered in poisons wherever they turn.

The soft metals will make them lose their minds. We will promise to find a cure from our many funds, and yet we will give them more poison. Chemical poisons will be absorbed through the skin of idiots who believe that certain hygiene and beauty products presented by great actors and musicians, will bring eternal youth to their faces and bodies, and through their thirsty and hungry mouths, we will destroy their minds and systems of internal organs. reproduction. However, their children will be born as disabled and deformed and we will hide this information.

The poisons will be hidden in everything around them, in what they drink, eat, breathe and wear. We have to be ingenious in distributing the poisons because they can see far. We'll teach them that poisons are good - with funny pictures and musical tones on TV. Those who are looking for them will be helpful. We'll enroll them to push our poisons.

They will see that our products are used in film and they will get used to them and will never know their true effect. When they give birth, we will inject poisons into the blood of their children and convince them that we are helping them! We will start earlier, when their minds are young, we will target their children with what children love most, sweet things.

When their teeth decay, we will fill them with metals that will kill their minds and steal their future. When their ability to learn has been affected, we have created drugs that will make them sicker and cause them other illnesses, for which we will create even more drugs. We will make them docile and weak before us, by our power. They will grow depressed, slow and obese, and when they come to us for help, we will give them more poison.

We will focus our attention on money and material goods so that they never connect with their inner self. We will distract them with fornication, external pleasures and video games, so that they are never one with the unity of all. Their minds will belong to us, and they will do as we say. If they refuse, we will find ways to implement technology that alters the mind in their lives.

We will use fear as our weapon. We will establish their governments and we will establish opposition within them. We will own both sides. We will always hide our goal, but we will continue our plan. They will do the work for us, and we will prosper from their toil.

Our families will never mix with theirs. Our blood must be pure (because it is). We will make them kill each other when they oppose us.

We will keep them separate from unity through dogma and religion. We will control all aspects of their lives and tell them what to think and how. We will guide them kindly and let them believe that they are guiding themselves.

We will instigate animosity among them through our factions. When a light shines among them, we will extinguish it by mockery or death, which suits us best. We will make them tear their hearts apart and kill their own children. We will accomplish this using hatred as our ally, anger as our friend. Hatred will completely blind them and they will never see that in their conflicts we will be their leaders.

They will be busy killing each other. They will bathe in their own blood and kill their neighbors, as long as we see that they are against us.

We will benefit greatly from this, for they will not see us, for they cannot see us. We will continue to prosper from their wars and their deaths. We will repeat this until our ultimate goal is achieved. We will continue to make them live in fear and anger, we will give them images and sounds. We will use all the tools we have to achieve this. The tools will be provided by their work. We will make them hate themselves and their neighbors.

We will always hide the divine truth from them, that we are all one. That he must never know! They must never know that color is an illusion, they must always believe that they are not equal. Drop by drop, drop by drop we will advance our goal. We will take over their lands, resources and wealth to exercise control over them. We will trick them into accepting laws that will steal the little freedom they have. We will set up a money system that will shut them down forever, keeping them and their children in debt.

When we ban them together, we will accuse them of murder and present a different story to the world because we will own all the media. We will use the media to control the flow of information and their feelings in our favor. When they rise up against us, we will crush them like insects, because they are less than that. They will be helpless to do anything about it.

-John D. Rockefeller

In my view Australia would do well to stay clear from supporting NAZI'S with weapons and financial support so they can kill more Ukrainian citizens. And if they can get their hands on nuclear weapons and also bioweapons from the 11 laboratories in the Ukraine then just hope they are not unleashing it onto Australia!

I view any weapons/aids that is on its way to Ukraine should be ordered to be returned to the Commonwealth of Australia.

Those images as to how the Ukraine army and its groups are destroying civil areas within Ukraine surely ought to underline that you better stay clear from assisting them in their quest for mass murder,/genocide and avoid risking to be an "Enemy of the State" of the Russian Federation before it is too late.

We need to return to the organics and legal principles embed in of our federal constitution!

As I understand it, (considering also my previous correspondences) the Ukraine Government violated its own constitution by having American troops in Ukraine. Also as one of my readers pointed out, providing the image below:

In my view, the reported theft of gas from the Russian federation, etc all but surely underlined that the Russian Federation had no alternative but to do what the Ukraine Government refused to do and that is to kick out American soldiers, whom where there in violation of the Ukraine constitution and to deal with other matters, such as the theft of gas, etc.

The following is actually what I wrote about already before that. The mass killing and destruction that has been inflicted upon Ukrainians by the Ukrainian armed forces aided and abetted by the Ukraine Government with also withdrawing services and pensions many worked for whole their lives and paid their taxes for underlines that the Ukraine Government simply was violating its own constitution and denied many Ukrainians their constitutional and other legal rights.

How hypocritical for the West to criticise the human rights abuses by the CCP when it has closed its eyes for years on end as to the human rights abuses in Ukraine by the Ukraine armed forces.

 7 Anyone aiding and abetting in the genocide and crimes against humanity of ethnic Russians in
 8 Ukraine I view rightfully can and should be deemed an “enemy of the Russian federation”.

9 When it comes to (the former) Yugoslavia somehow ethnic clenching, etc, was justified for
 10 NATO and others to get involved but come to those who were murdered. But when it comes to
 11 “President Vladimir Putin” then well “**The Russians are coming**” and this evil master in
 12 disguise must be held accountable and even claimed he should be murdered. Never mind the
 13 torture and death caused by the Ukraine armed forces and their incorporated groups. Why not
 14 ensure another World War so the manufacturers of doomsday weapons can earn big time and so
 15 politicians their kickbacks being assured.

16 If one compares Ukraine genocide, etc, with Yugoslavia then perhaps one may just realize that
 17 President Vladimir Putin merely applies the rhetoric that was applied against Yugoslavia.

22 In my view any fair dinkum constitutionalist would feel abhorrent that “**FREEDOM OF**

24
 25 Instead of French Journalist Anne-Laure Bonnel Being silenced every “concerned” politician
 26 should demand the truth and that if there were, as she claims, ongoing crimes against humanity
 27 committed against Russian ethnic Ukrainians then well let those with a backbone stand up
 28 against this and make clear that they will never support this ongoing kind of conduct against any
 29 human. Well, as now is happening with those vaccinated banning unvaccinated being held

44 **Evidence that Ukraine Has Been Run by Nazis Since February 2014**

45 **QUOTE**

46 *On 12 March 2014 a historic 10-minute video was uploaded to youtube that acquired over*
47 *a million hits since then, and that presented and truthfully explained a compendium of*
48 *video-clips which had been uploaded to the Web during the 2014 overthrow and*
49 *replacement of Ukraine's democratically elected President,*

50 *Viktor Yanukovich, who had been called to the White House right after his 2010 electoral*
51 *win and was asked by Obama to help to push his country toward joining NATO (though all*

of the opinion polls that had been taken of the Ukrainian public showed that the vast majority of Ukrainians viewed NATO to be their enemy, no friend of Ukraine).
 Yanukovich said no, and the Obama Administration began by no later than 2011 to organize their coup to take down and replace Yanukovich so as to get Ukraine into NATO in order for America to become able to place its missiles only a five-minute striking-distance away from Moscow, for a retaliation-prohibiting blitz nuclear first-strike attack.

During 2003-2009, only around 20% of Ukrainians wanted NATO membership, while around 55% opposed it.

In 2010, Gallup found that whereas 17% of Ukrainians considered NATO to mean “protection of your country,” 40% said it’s “a threat to your country.”

New Video Evidence of America’s Coup in Ukraine — and What it Means

Ukrainians predominantly saw NATO as an enemy, not a friend. But after Obama’s February 2014 Ukrainian coup, “Ukraine’s NATO membership would get 53.4% of the votes, one third of Ukrainians (33.6%) would oppose it.”

The 2014 coup in Ukraine was about two things: getting Ukraine into NATO, and seizing Russia’s biggest naval base, which ever since 1783 has been in Crimea, which (Crimea) the Soviet dictator had transferred to Ukraine in 1954 while still continuing Crimea as the Soviet Union’s biggest naval base. Obama, already by no later than June 2013, was planning to grab that naval base and turn it into yet another U.S. naval base.

However, in order to get that coup-installed new regime to last as being a ‘democracy’, Obama needed to be sure that Crimea, which had voted 75% for Yanukovich, and that Donbass, which had voted more than 90% for Yanukovich, be ethnically cleansed of those especially favorable-toward-Russia voters.

So, promptly as soon as the Obama-installed government received the reins of power in Ukraine, Ukraine’s top generals were replaced by rabidly anti-Russian ones, who planned this ethnic-cleansing of those ‘terrorists’, in what they called their “Anti-Terrorist Operation” or “ATO,” in, especially, Donbass. (Donbass is the farthest-east part of Ukraine’s “East” as shown in slide 26 here, and you can see there that ONLY Crimea was even *more* anti-U.S. than was Ukraine’s “East.”

Donbass was the most pro-Russian part of that “East.” Those were therefore the two regions where Obama *especially* needed the ethnic cleansing, the “ATO.”) But it also was done in Odessa, and in other Ukrainian cities that had voted heavily for Yanukovich. This would be the ‘democratic’ way to produce a permanently nazi-controlled Ukraine.

The Obama Administration was demanding that Ukraine quickly conquer Donbass; and, since the only air power over that region was Ukraine’s Air Force, Ukraine relentlessly bombed Donbass. One of their bombers got shot down, but that was only a minor loss for the U.S.-installed regime. Overall, the bombings caused massive devastation in Donbass.

Nonetheless, the U.S. Government’s hopes for a military conquest of Donbass were not fulfilled; and this got us to the current situation.

When, on 15 February 2022, the U.S. Government closed its Embassy in Kiev and relocated it to Lviv (which is the Ukrainian city that was the most ardently pro-Hitler during WW II), it scrubbed from its computers, and from the Web, its correspondences concerning the secret joint U.S.-Ukrainian bioweapons labs that have been built in Ukraine since the Obama coup. (Fortunately, at that link, one can find archived versions of those destroyed documents.) The U.S. Government likewise had established secret Pentagon bioweapons labs in Georgia.

The U.S. Government not only allows Ukraine to firebomb Donbass, but America’s think tanks that have discussed those firebombings have said the Ukrainian Government needs to do more of it.

1 Ukraine's nazis also target school buses, so as to kill children, in parts of Ukraine that had
2 voted heavily for Yanukovych.

3 Furthermore, in the more rightwing parts of Ukraine, nazis are invited into classrooms in
4 order to spread anti-Russia hate and provide literature encouraging the students to join
5 their movement.

6 This was the situation before Russia invaded Ukraine on 24 February 2022.

11 **Abp. Viganò: Globalists have fomented war in Ukraine to establish the tyranny of the New
12 World Order**

13 QUOTE

14 The Ukrainian people, regardless of what ethnic group they may belong to, are merely the
15 latest unwitting hostages of the supranational totalitarian regime that brought the national
16 economies of the entire world to their knees through the COVID deception.

17 *(LifeSiteNews) — Nothing is lost with peace. All can be lost with war. Let men return to
18 understanding. Let them resume negotiating. Negotiating with good will and with respect
19 for each other's rights, let them realize that an honorable success is never precluded when
20 there are sincere and active negotiations. And they will feel great – with true greatness – if
21 imposing silence on the voices of passion, whether collective or private, and leaving
22 reason to its proper domain, they will spare their brothers bloodshed and their homeland
23 ruin*

24 Thus it was that on August 24, 1939, Pius XII addressed both rulers and peoples as war
25 was imminent. These were not words of empty pacifism, nor of complicit silence about the
26 multiple violations of justice that were being carried out in many quarters. In that radio
27 message, which some people still remember hearing, the appeal of the Roman Pontiff
28 invoked “*respect for each other's rights*” as a prerequisite for fruitful peace negotiations.

29 The Media Narrative

30 If we look at what is happening in Ukraine, without being misled by the gross falsifications
31 of the mainstream media, we realize that respect for each other's rights has been
32 completely ignored; indeed, we have the impression that the Biden Administration, NATO
33 and the European Union deliberately want to maintain a situation of obvious imbalance,
34 precisely to make impossible any attempt at a peaceful resolution of the Ukrainian crisis,
35 provoking the Russian Federation to trigger a conflict. Herein lies the seriousness of the
36 problem. This is the trap set for both Russia and Ukraine, using both of them to enable the
37 globalist elite to carry out its criminal plan.

38 It should not surprise us that pluralism and freedom of speech, so praised in countries that
39 claim to be democratic, are daily disavowed by censorship and intolerance towards
40 opinions not aligned with the official narrative. Manipulations of this kind have become
41 the norm during the so-called pandemic, to the detriment of doctors, scientists and
42 dissenting journalists, who have been discredited and ostracized for the mere fact of daring
43 to question the effectiveness of experimental serums. Two years later, the truth about the
44 adverse effects and the unfortunate management of the health emergency has proven them
45 right, but the truth is stubbornly ignored because it does not correspond to what the system
46 wanted and still wants today.

1 If the world media have so far been able to lie shamelessly on a matter of strict scientific
 2 relevance, spreading lies and hiding reality, we should ask ourselves why, in the present
 3 situation, they should suddenly rediscover that intellectual honesty and respect for the code
 4 of ethics widely denied with COVID.

5 But if this colossal fraud has been supported and disseminated by the media, it must be
 6 recognized that national and international health institutions, governments, magistrates,
 7 law enforcement agencies and the Catholic hierarchy itself all share responsibility for the
 8 disaster – each in its own sphere by actively supporting or failing to oppose the narrative –
 9 a disaster that has affected billions of people in their health, their property, the exercise of
 10 their individual rights and even their very lives. Even in this case, it is difficult to imagine
 11 that those who have been guilty of such crimes in support of a pandemic that was intended
 12 and maliciously amplified could suddenly have a jolt of dignity and show solicitude for
 13 their citizens and their homeland when a war threatens their security and their economy.

14 QUOTE

15 **I stress that the last article ought to be read in it's entirely!**

16 It appears to me that what this last mentioned article states is very much what I concluded since
 17 2014 about Ukraine, from my own limited research and what was provided to me over the years.
 18 If Ukraine desires to be considered an independent nation then it must clean up its act and not
 19 allow itself to be a patsy for the U.S.A. and other warmongering nations. It should also
 20 acknowledge its failure to uphold the Ukraine constitution and only when doing so can it be
 21 deemed to work to a path of recovery. **As long as Ukraine refuses to acknowledge its own
 22 wrongdoing it simply will only be a base for ongoing conflict with whomever!**

23 Again, my wife lived through WWII and also through communism in Czechoslovakia and she
 24 has given me the understanding that none of it was as bad as the ongoing mandates in
 25 Melbourne, Victoria, Australia. Considering that 3 bombs were dropped in her father's farm
 26 destroying 3 bunkers that were for the workers safety, but that day her father instead directed
 27 everyone into the main house for shelter, saving every ones lives by this, then surely this means
 28 that spite the war experiences and subsequent communism it never was as traumatic to her as
 29 this COVID scam and denial of constitutional embedded legal rights.

30 My wife used to (being as a civilian employed by the Czech armed forces) teach the Russian
 31 language to the Czech generals, etc. As such, she is able to read and understand the Russian
 32 language, and can ignore any propaganda of any country and read and listen to what is presented
 33 as facts. She didn't like the communist takeover of Czechoslovakia and escaped to Australia, but
 34 she holds no grudges. The fake "Russian collusion" claims ought to underline that one should
 35 check FACTS from FICTION. **In my view, any decent human being would deplore the
 36 genocide against Russian ethnic Ukrainians.**

37 **We need to return to the organics and legal principles embed in of our federal
 38 constitution!**

1 Again:

2 The question then is did President Volodymyr Zelenskyy misled the US Congress and so other
3 around the world, if the video included damages contributed to the Russian Federation but really
4 were those inflicted by the Ukraine armed forces in the Donbass region?

5 It appears to me that likely the some of the footage was by pre-planned destruction of the
6 building by the Ukraine armed forces in Donbass region and so they may have had their video
7 camera's set up to record their handy work of causing death and destruction. As most people
8 around the world may never pick up that certain parts of the video may just be not that of the
9 Russian Federation armed forces causing destruction, but rather the Ukraine armed forces in the
10 process of committing genocide against other Ukrainians in the Donbass and other area's made
11 sure to record their deeds as to perhaps celebrate their death and destruction inflicted.

12 Again, I rely upon the basis that the images I used from the video **"Blackwater Are in Donbass
13 Fighting With Ukraine's Azov Battalion and Getting Their 'Ass' Kicked"** are indeed from
14 the Donbass area. Worse for Joe Biden would be if it turned out that the US Blackwater was
15 actually involved in the death and destruction now claimed in the video of President Zelenskyy
16 to be that of the Russian Federation. Obviously one has to question if ASIO and other
17 Intelligence Services did at all pick up that the same building with the same bombardment and
18 the same fire was used in two contradictive claims one as to portray it being in Donbass caused
19 by the Ukraine army and the other allegedly in Kiev area caused by the Russian Federation.
20 Pretending. If indeed President Zelenskyy Included falsification of footage claiming to be from
21 the Russian federation caused damage when instead it was caused by the Ukraine armed forces
22 upon Ukrainians residing in Donbass then what else is being misrepresented and used as
23 **DISINFORMATION**? My suspicion arose immediately that it appeared that Ukraine
24 government had its cameras ready to record as if they might have been involved themselves in
25 certain destruction and so the killings also, as to plan to blame the Russian federation armed
26 forces. The truth needs to be exposed, whatever it is on the **FACTS**.

27 How can the Australian Government then rely upon whatever so to say falls of the lips of
28 President Zelenskyy not knowing if this is further disinformation to obtain the Australian
29 Government to fall for its rot and provide all kinds of support?

10 Just at closing I came across a video clip of former Member of Congress Tulsi Gabbard (Lt
11 Colonel in the Reserve army) making clear (in the Tucker Carlson show) that Mit Romney
12 falsely accused her.

13 I have always held she is very honest and view it would be better if hotheads were to try to
14 understand what Tulsi is explaining in the overall.

15

16 I also came across a Twitter account (thanks to a reader sending me the link) and noticed that

9 Will the matrix allow me to peak behind the curtains of a manufactured and manipulated
10 world staged event?

11 The Journey begins...

12 On the 3/3 I took a flight from Luton, England to Krakow, Poland.

13

14 Via Poland seemed the easiest way into the Ukraine.

15

16 Note: all the 33's.

17 Evan tho unvaxxed, I entered Poland with ease on the condition I left within 24 hours.

18

19 So I wasted no time, and took a train from Krakow to Przemysl.

22 Lights, Camera....ACTION!!!

23

24 Przemysl Train Station (the Refugee movie set)

25

26 A well planned stage managed route ensures the Ukrainians arriving are bottled necked
27 and compressed into the ticket hall so the media can create the illusion of 'hell on Earth'.

28 Visual effects are key!

29

30 Outside the Refugee train station, police vehicles leave the lights flashing.

31

32 Every 20 minutes, the sirens turn on and vehicle does a loop around the block.

33 Stage Management ...

34

35 The 'Video Village' of Przemysl.

36 Here we find the director and producer of the refugee movie.

37

38 All staged photos need good lighting.

39 I am unable to find a hostel or hotel,

40 full of refugees you ask?

41

42 No! All the hotels in this town are taken up by the press

43

44 Whilst these scumbags sleep in luxury, poor Ukrainians are left to sleep at the railway
45 station.

46

47 Creating more staged photo opportunities for the press

49 Life is normal.

50 Creating a Scene

 10 Lviv, Ukraine(Railway station)... another movie set.
 11

12 I arrive around 2am, I help an old lady with her bags as she seeks information on travel to
 13 her home town of Odessa.
 14 Once she is sorted with tickets I take a closer look around.
 15 (The 33 continues to follow me)
 16 Lviv Railway station...

17

18 Manufactured chaos once again, a curfew is enforced form 8pm till 8am meaning travellers
 19 can't leave the station and are forced into participating the fully immersive 4D crisis
 20 experience, complete with props like the TRASH CAN FIRE.
 21 The train into Kyiv

22

23 -I talked my way onto the overnight train.
 24 (Around £5 and a warm place to sleep).
 25

26 There are many Ukrainians heading back in.
 27 Just for the record, you can just buy a regular train ticket into Kyiv, either online or at the

 9 Reading the entire Twitter report it appears to me that the Ukraine Government might have
 10 engaged President Zelinsky's wife as a screen writer to organise videos to portray serious
 11 issues, when there were none as such at the time.
 12 As the saying is; "The boy cried wolf once too often". Meaning that when there is a real issue
 13 then it may no longer be believed.
 14 Credit to Lez Luthor for showing Australian Channel nine television claiming army troops, etc,
 15 when Lez shows there is no such thing. As such it appears to me that President Zelinsky is play
 16 acting as if it is another comedy he starred in.

1 It seems to me we have a propaganda war pretending there was a battle going on when there was
2 none there. Perhaps President Zelinskyy would have done better to get the Ukraine Army from
3 killing Ukrainians in the eastern part so he could have more acting for a video scene?
4

5 As I indicated it appears to me that some and perhaps most of the footage is rather by the
6 Ukraine army shelling the Eastern part of Ukraine and then pretending it to be the Russian
7 federation army causing this dead and destruction in Kiev.

8 Considering what Lexz Luthor states it seems to me that the building I referred to in my 7 March
9 2022 correspondence to PM Scott Morrison, and on 8 March 2022 to the Ukraine and Russian
10 Federation Ambassadors unlikely could then have been from any alleged Kiev attack.

11 Yet, we now have much of the western world in uproar on what appears to me to be fake claims.
12

13 If I never have been in Ukraine nevertheless immediately can detect what appears to me a
14 fraudulent claim by President Zelinskyy video then surely President Zelinskyy ought to have
15 been aware of the same. After all he was in the trenches when shelling Donbass and likely would
16 have then viewed the videos that his side were making about the killing fields and the damages
17 to the building. If he held it was OK to deceive the West with this as to claim that instead it was
18 the Russian Federation Army doing it then well I view he should resign in disgrace because who
19 can trust him to be honest? I understood from a BCC clip that the then candidate Zelinskyy made
20 clear to wanting to clean up corruption, etc. Well, it appears to me he rather appears to have
21 joined them.
22

23 If just people were open minded and could separate the FAKE NEWS from FACTS.
24

25 Anyhow, it is in my view important that the Australian government isn't donating weapons and
26 monies to support FAKE claims, etc, and let children suffering in the process. What I would urge
27 all countries to do is to leave the dispute between Ukraine and the Russian Federation to be
28 resolved by them and every other country works together to deal with getting children that are
29 kidnapped, etc, to be released from their hell holes.
30

31 As Tulsi Gabbard also made clear, as I did in my 18 March 2022 writings (published on my
32 <https://www.scribd.com/inspectorrkati> blog) that the world should be concerned about any
33 release of any pathogens, or whatever that could cause further horrendous problems for the
34 world.
